

GENERAL DESCRIPTION

Government is senior-level, single-semester class and is the capstone of MCA's history and social sciences curriculum. We will study the foundations and ends of government, how it is implemented in the United States of America, and how this implementation has changed the world. Students are expected to come prepared to discuss key ideas, express and defend their opinions, and consider the thoughts of others on the various subjects at hand. The tutor will provide the framework for the class by fostering a healthy discussion environment, creating assignments, and grading them, but the amount of learning that takes place will be determined by each individual student. Students are encouraged toward self-discovery through outside readings, keeping up with current events, and in class discussions. Textbooks include the following: The 1776 Report, US Government Binder, 2nd Treatise of Government, Federalist Papers and Five Thousand Year Leap.

COURSE PURPOSE

The purpose of this class is to develop informed and engaged citizens who actively promote good in their communities and the wider world while resting in the sovereignty of God.

Students will learn:

- 1.) The Biblical role of government
- 2.) The principles and pillars of self-government
- 3.) A historical framework and development of political thought for the formation of the US Constitution from the Magna Carta to the Constitutional Convention
- 4.) The US Constitution (Preambles, Articles, and Amendments)
- 5.) The Organization of the Texas State Government
- 6.) How to understand current political events from a Biblical Worldview

REQUIRED READING

The 1776 Report

Magna Carta

Mayflower Compact

Fundamental Orders of Connecticut

Second Treatise of Government, Locke

The Declaration of Independence

The United States Constitution

Federalist Papers, (selections) Hamilton

Second Treatise of Government, Locke

Five Thousand Year Leap, Skousen

GRADING

Government/Economic Assignments - 50% Quizzes, Reading Questions, Essays, Other

Current Events - 20% Weekly reports in geo-political or local events

Contribution - 30%

Contribution Grades will be given weekly and scored on a scale of 0-20.

Contribution Grades primarily assesses four areas: a student's **preparation** for class, his **attitude** towards learning, his **contribution** towards learning during class-time, and his level of **engagement** during the class conversation.

A student's **respectfulness** towards God, his tutor, and peers is a prerequisite for a good Contribution Grade.

Daily Contribution grades will be given for every hour of class. Typically, students are expected to earn 10 points per hour, but the tutor may adjust these values to better reflect the nature of the class time. Daily Contribution grades are not revisable.

Additional Contribution Grades such as Grammar Quizzes, Engagement Notes, etc. may be assigned as needed. All additional Contribution Grades are revisable for 70% of the original value, unless the tutor specifies otherwise.

REVISION POLICY

- All non-contribution assignments can be revised unless otherwise stated.
- Revisions completed correctly and submitted by the revision deadline will result in an additional 70% of deducted points being added to the original score.
- Unless otherwise noted, revisions are due 2 weeks from the original due date of the assignment.

TURN IT IN SYSTEM

Turnitin is an internet-based service and tool that promotes academic integrity and original thought from students. Turnitin screens for similarity (plagiarism) and detects unauthorized A.I. usage in writing.

Students for this class are required to submit all their major writing assignments through Turnitin.

Grades for these assignments will not be entered into FACTS/RenWeb until the student has submitted their work through Turnitin. If a required assignment has not been uploaded by the deadline, then the tutor will enter a Missing Grade into FACTS and include a comment explaining why until the paper has been properly submitted.

Tutors will use the tools and the feedback Turnitin provides to help them make a more informed decision about the integrity and originality of the students' work.

MCA Schoolwide Policies

MCA ATTENDANCE POLICY

Absence: Parents must inform the school if their student will be absent for any reason. Call the Front Office or email upperschoolnurse@mcaknights.org prior to the absence or on the morning of the absence. If a student is absent without prior notification by a parent, the school will call the parent to determine the validity of the absence. Call the office, 432-694-0995, or email upperschoolnurse@mcaknights.org.

In the event an Upper School student is absent for more than one-fourth (1/4) of the class sessions during a semester, the student's parents must meet with the tutor and Head Administrator to determine whether the student will receive credit for the class. Additional and/or make-up work may be required.

Tardy Policy: Tardies will be marked at the discretion of the individual tutors. Students or parents should contact the individual tutors to report reasons for tardies as soon as possible.

Missed Assignment Due Date Guidelines: In the event of an absence, a due date extension will be given. The extension will not exceed the number of school days missed during the absence. Due dates will be established by the class tutor. Students must complete all work assigned during their absence. However, the tutors may, at their discretion, excuse the students from any portion of the assignments missed. Students will receive full credit for submitting assigned work. Note: It is the **student's responsibility** to find out what work was assigned. In the case of extended illness, it is recommended that the student or parents contact the tutors directly to find out what assignments were or will be missed.

MCA HONESTY POLICY

All students are assumed to be exhibiting the godly fruit of self-control. We anticipate working with students who are characterized by joy, honesty, and diligence. For this reason, upon enrollment, we require that each student affirm that he or she will maintain the highest standards of honesty and behavior in all work done for Midland Classical Academy. All students will be asked to sign the following.

Pledge of Academic Honesty

I have read and understand the Midland Classical Academy Code of Conduct. I pledge my honor, with God as my witness, to commit myself to the practice and preservation of these standards of academic honesty as long as I am a student of the academy.

As such, the following actions are considered serious violations of our Honesty Policy.

- 1. Directly copying someone else's work visually, orally, electronically, or otherwise.*
- 2. Use of disallowed devices on assignments such as notes, smartphones, books, etc.*
- 3. Getting test questions or essential information from another student who has already completed an assignment that will later be taken, such as a test or quiz.*
- 4. Any other activity that the tutor has explicitly described as cheating.*

MCA MASTERY WITH HONORS (MH)

Midland Classical Academy offers honors credit, referred to as "Mastery with Honor", but we offer no "honors" classes.

Mastery with Honor credit for a class is given to those students who

- receive a minimum grade of 92.5 at the end of each semester
- receive a minimum participation grade of 85 at the end of each semester
- demonstrate character befitting an honor student (1 Corinthians 10:31)
- complete a tutor-approved, 20+ hour project that advances the student's knowledge or skills in the subject while serving either the school or the community in some capacity.

As a student fulfills these requirements in a class at MCA, they receive a Mastery with Honor designated by an "MH" for the class. Mastery with Honor applications and a nominal fee are due at the end of October. The projects themselves are due at the end of March with two scheduled checkpoints in between the application and final deadline.

ARTIFICIAL INTELLIGENCE (A.I.) POLICY

Artificial Intelligence programs are tools that can be used beneficially or harmfully. To the extent that MCA uses these A.I. tools, we desire to use them and instruct our students to use them beneficially. It requires the classical virtue of "Wisdom" to discern the difference between what is beneficial and what is harmful.

Among MCA's core values is "Engaging Minds". Everything we do, including our use of A.I. needs to be in harmony with this value and to cultivate within students the skill of being able to "think for themselves".

MCA offers the following principles for tutors & students to follow as they navigate A.I. in their academic domains. MCA tutors will create and clearly communicate their own instructions for A.I. usage in their classrooms and for their assignments. Students should practice integrity, honesty, and humility in their use of A.I. as in all their work.

Principle 1: *Why to use A.I.* - A.I. should only be used by a student to equip them to better understand the material and to learn in a way that facilitates their critical thinking skills.

Principle 2: *When to use A.I.* - Tutors will explicitly and clearly communicate which assignments a student may or may not use A.I. tools to assist in their learning.

Principle 3: *How to use A.I.* - Tutors will explicitly and clearly communicate the method in which it is acceptable and not acceptable for the student to use A.I. tools.
